Huron™ Scraper Matting

Anti-Slip | Fire Resistance | UV Resistant | Warranty

Designed with a durable loop-pile structure combining monofilament scraping and multifilament absorption, this entrance mat delivers strong dirt removal and moisture control while maintaining excellent resilience, wear resistance, and long-lasting appearance.

Hybrid Loop-Pile Structure for Scraping, Dust Removal and Moisture Absorption

The combination of monofilament and multifilament yarns enhances sand scraping, fine dust capture, and moisture absorption for reliable performance in high-traffic entrances.

Mélange Fiber Texture Helps Conceal Dirt

The mixed-tone fiber structure helps hide dust and footprints, keeping entrances looking cleaner and more presentable for longer periods between cleanings.
