WORKSITE solutions

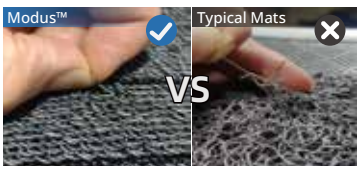
Modus™ Scraper Matting

Fire Resistance | UV Resistant | Warranty | Logo Printable

Crafted with a durable loop-pile structure, the Muse™ entrance mat delivers excellent anti-slip performance and strong sand scraping capability. Designed for long-term outdoor use, it features UV-resistant materials and fade-resistant color, effectively removing dust, grit, and moisture from shoe soles to keep entrances cleaner, safer, and more visually appealing.

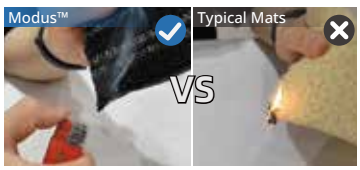
Special Structural Design for Exceptional Durability

Product Structure Comparison



High-Strength PET Fiber with PVC Coating
The surface is made from high-strength PET fibers coated with PVC, providing outstanding wear resistance, elasticity, and long-term durability.

Fire Resistance Comparison



Self-Extinguishing Fire-Resistant Structure
When exposed to flame, the PILE Modus™ mat self-extinguishes once the ignition source is removed, while typical mats may continue to burn.

Durable Loop-Pile Structure for Outdoor Performance

The loop-pile structure provides strong scraping performance and reliable anti-slip properties even in wet conditions. The mat features excellent color fastness and UV resistance, making it suitable for long-term outdoor use in various climates.

Technical Specification

Yarn Material	PVC-coated High-Strength PET
Carpet Construction	Tufted Loop Pile
Backing Material	UV-Resistant PVC Backing (2 mm / 0.08" thickness)
Total Height	9 mm (0.35")
Total Weight	4200 g/m² (123.87 oz/yd²)
Dimensions (with Rubber Edge)	2 m × 18 m (6.56' × 59.06') Custom sizes available
Surface Dyeing Technique	Solution Dyeing
Color Fastness Grade	ISO 105-B02:2013 > 5
Fire Resistance	GB 8624-2012: B1

Suitable Applications

Ideal for fully outdoor environments where weather resistance, drainage, and low-maintenance performance are essential, including open-air entrances, uncovered walkways, terraces, exterior access points, and other exposed locations where a carpet-style mat would be less suitable.

Cleaning & Maintenance

Daily Cleaning:Use an upright vacuum cleaner with a brush attachment.
Deep Cleaning:Use a carpet extractor or pressure washer with a low-foam carpet cleaner; rinse thoroughly and remove excess moisture with a wet vacuum or allow the mat to air dry.
Cleaning frequency may be adjusted according to traffic levels.
